Yelyzaveta Usova

My name is Yelyzaveta and I'm 36 years old. Known for my quick learning abilities, strong sociability, and a track record of responsibility, I excel in teamwork, punctuality, and meeting deadlines. I am passionate about frontend development and have recently embarked on a journey at Hillel IT School to further enhance my skills. With a unique background that spans from finance to patriotic education, I bring a diverse set of experiences and perspectives to every project. My commitment to excellence, coupled with my technical acumen, makes me an ideal candidate for contributing to innovative and dynamic frontend development projects.
